Gentlemen:

In the preliminary plan, which we submitted to the City Plan Commission, we located the proposed building on site as per sketch attached.

At the suggestion of the City Traffic Engineer, it was recommended that we move the building approximately 10' either way so that additional parking might be provided on either the west side or the east side of the proposed building. We are very pleased to receive this suggestion from the City Traffic Engineer and we will submit a new plot plan showing the new location prior to the construction of same.

We are also very pleased to furnish this information to you and assure you of our desire to cooperate with you in this regard.

Yours very truly,
